UPMC Sports Medicine

Athletic Training and Development

3200 South Water Street Pittsburgh PA 15203 T 412-432-3770 F 412-432-3774

Dear Parent/Guardian:

As part of a contractual agreement between UPMC Sports Medicine and the South Park School District, UPMC provides certified athletic trainers to aide in the prevention, recognition, evaluation, and treatment of athletic injuries.

To treat your son or daughter, two forms must be signed by parents/guardians of the student-athlete. One is the "Consent for Treatment, Payment and Health Care Operations" (Pg.7). This gives the athletic trainer(s) and other associated healthcare personnel permission to assist or participate in providing care in the event of an injury or illness. The other form is the "Authorization for Release of Protected Health Information" (Pg. 8). This form allows the athletic trainer(s) to communicate with medical personnel and the school district's athletic department personnel in order to provide consultation, treatment and establish a plan of care for the injured or ill patient.

<u>Please note that these forms have no relationship to your health insurance plan and in no way influence your choice of medical care.</u> UPMC, as the employers of the certified athletic trainer(s) in the South Park School District, must have these forms completed in order to provide care for your son or daughter to comply with privacy and standard consent to treat laws.

In addition, copies of the UPMC Notice of Privacy Practices documents can be viewed at http://www.upmc.com/HospitalsFacilities/hipaa/Pages/privacy-notice.aspx.

Please sign the attached documents. If you revoke this authorization or consent form, please contact the athletic office at 412-622-3944. We look forward to your student-athlete's safe participation in Pittsburgh Public Schools athletics. Thank you for your time.

Sincerely,

UPMC Sports Medicine

PIAA COMPREHENSIVE INITIAL PRE-PARTICIPATION PHYSICAL EVALUATION

INITIAL EVALUATION: Prior to any student participating in Practices, Inter-School Practices, Scrimmages, and/or Contests, at any PIAA member school in any school year, the student is required to (1) complete a Comprehensive Initial Pre-Participation Physical Evaluation (CIPPE); and (2) have the appropriate person(s) complete the first six Sections of the CIPPE Form. Upon completion of Sections 1 and 2 by the parent/guardian; Sections 3, 4, and 5 by the student and parent/guardian; and Section 6 by an Authorized Medical Examiner (AME), those Sections must be turned in to the Principal, or the Principal's designee, of the student's school for retention by the school. The CIPPE may not be authorized earlier than June 1st and shall be effective, regardless of when performed during a school year, until the latter of the next May 31st or the conclusion of the spring sports season.

SUBSEQUENT SPORT(S) IN THE SAME SCHOOL YEAR: Following completion of a CIPPE, the same student seeking to participate in Practices, Inter-School Practices, Scrimmages, and/or Contests in subsequent sport(s) in the same school year, must complete Section 7 of this form and must turn in that Section to the Principal, or Principal's designee, of his or her school. The Principal, or the Principal's designee, will then determine whether Section 8 need be completed.

SECTION 3: UNDERSTANDING OF RISK OF CONCUSSION AND TRAUMATIC BRAIN INJURY

What is a concussion?

A concussion is a brain injury that:

- Is caused by a bump, blow, or joit to the head or body.
- Can change the way a student's brain normally works.
- · Can occur during Practices and/or Contests in any sport.
- Can happen even if a student has not lost consciousness.
- Can be serious even if a student has just been "dinged" or "had their bell rung."

All concussions are serious. A concussion can affect a student's ability to do schoolwork and other activities (such as playing video games, working on a computer, studying, driving, or exercising). Most students with a concussion get better, but it is important to give the concussed student's brain time to heal.

What are the symptoms of a concussion?

Concussions cannot be seen; however, in a potentially concussed student, one or more of the symptoms listed below may become apparent and/or that the student "doesn't feel right" soon after, a few days after, or even weeks after the injury.

- Headache or "pressure" in head
- Nausea or vomiting
- Balance problems or dizziness
- Double or blurry vision
- Bothered by light or noise

- Feeling sluggish, hazy, foggy, or groggy
- Difficulty paying attention
- Memory problems
- Confusion

What should students do if they believe that they or someone else may have a concussion?

- Students feeling any of the symptoms set forth above should immediately tell their Coach and their parents. Also, if they notice any teammate evidencing such symptoms, they should immediately tell their Coach.
- The student should be evaluated. A licensed physician of medicine or osteopathic medicine (MD or DO), sufficiently familiar with current concussion management, should examine the student, determine whether the student has a concussion, and determine when the student is cleared to return to participate in interscholastic athletics.
- Concussed students should give themselves time to get better. If a student has sustained a concussion, the
 student's brain needs time to heal. While a concussed student's brain is still healing, that student is much more
 likely to have another concussion. Repeat concussions can increase the time it takes for an already concussed
 student to recover and may cause more damage to that student's brain. Such damage can have long term
 consequences. It is important that a concussed student rest and not return to play until the student receives
 permission from an MD or DO, sufficiently familiar with current concussion management, that the student is
 symptom-free.

How can students prevent a concussion? Every sport is different, but there are steps students can take to protect themselves.

• Use the proper sports equipment, including personal protective equipment. For equipment to properly protect a student, it must be:

The right equipment for the sport, position, or activity; Worn correctly and the correct size and fit; and Used every time the student Practices and/or competes.

- Follow the Coach's rules for safety and the rules of the sport.
- Practice good sportsmanship at all times.

If a student believes they may have a concussion: Don't hide it. Report it. Take time to recover.

I hereby acknowledge that I am familiar with the nature and risk of concussion and trauma participating in interscholastic athletics, including the risks associated with continuing to compete traumatic brain injury.	atic brair after a	n inju concu	ry while ssion oi

SECTION 4: UNDERSTANDING OF SUDDEN CARDIAC ARREST SYMPTOMS AND WARNING SIGNS

What is sudden cardiac arrest?

Sudden cardiac arrest (SCA) is when the heart stops beating, suddenly and unexpectedly. When this happens blood stops flowing to the brain and other vital organs. SCA is NOT a heart attack. A heart attack may cause SCA, but they are not the same. A heart attack is caused by a blockage that stops the flow of blood to the heart. SCA is a malfunction in the heart's electrical system, causing the heart to suddenly stop beating.

How common is sudden cardiac arrest in the United States?

There are about 300,000 cardiac arrests outside hospitals each year. About 2,000 patients under 25 die of SCA each year.

Are there warning signs?

Although SCA happens unexpectedly, some people may have signs or symptoms, such as:

- dizziness
- lightheadedness
- · shortness of breath
- difficulty breathing
- racing or fluttering heartbeat (palpitations)
- syncope (fainting)

- fatigue (extreme tiredness)
- weakness
- nausea
- vomiting
- chest pains

These symptoms can be unclear and confusing in athletes. Often, people confuse these warning signs with physical exhaustion. SCA can be prevented if the underlying causes can be diagnosed and treated.

What are the risks of practicing or playing after experiencing these symptoms?

There are risks associated with continuing to practice or play after experiencing these symptoms. When the heart stops, so does the blood that flows to the brain and other vital organs. Death or permanent brain damage can occur in just a few minutes. Most people who have SCA die from it.

Act 59 – the Sudden Cardiac Arrest Prevention Act (the Act)

The Act is intended to keep student-athletes safe while practicing or playing. The requirements of the Act are:

Information about SCA symptoms and warning signs.

- Every student-athlete and their parent or guardian must read and sign this form. It must be returned to the school before participation in any athletic activity. A new form must be signed and returned each school year.
- Schools may also hold informational meetings. The meetings can occur before each athletic season. Meetings
 may include student-athletes, parents, coaches and school officials. Schools may also want to include doctors,
 nurses, and athletic trainers.

Removal from play/return to play

- Any student-athlete who has signs or symptoms of SCA must be removed from play. The symptoms can happen before, during, or after activity. Play includes all athletic activity.
- Before returning to play, the athlete must be evaluated. Clearance to return to play must be in writing. The
 evaluation must be performed by a licensed physician, certified registered nurse practitioner, or cardiologist (heart
 doctor). The licensed physician or certified registered nurse practitioner may consult any other licensed or
 certified medical professionals.

I have reviewed and understand the sympt	oms and warning signs of SCA.

As part of a contractual agreement with UPMC Sports Medicine, certified athletic trainers may aide in the prevention, recognition, evaluation, and treatment of athletic injuries. Please note that the forms below have no relationship to your health insurance plan and in no way, influence your choice of medical care. UPMC must have these forms completed to comply with privacy and standard consent to treat laws.

(1) UPMC Authorization for Release of Protected Health Information

- I authorize UPMC to provide information related to the athlete's care to family/school/team physicians, school nurses, coaches, athletic directors, school principals, EMS personnel, and such other persons as is necessary needed for them to provide consultation, treatment, establish a plan of care or determine whether the athlete may resume participation in school or sports activities.
- I authorize UPMC to use the athlete's medical information for UPMC internal departmental reporting purposes.
- I authorize UPMC (including its hospitals, other entities and programs) to use medical or other information maintained on electronic information systems or stored in various forms about the athlete's care, health care operations, or payment for treatment and services.
- I understand that the health record(s) released by UPMC may be re-disclosed by the facility/person that receives the record(s) and therefore (1) UPMC and its staff/employees has no responsibility or liability because of the re-disclosure and (2) such information may no longer be protected by federal or state privacy laws.
- I understand that this Authorization is in effect for a period of one year from the date signed by the athlete.
- I understand that this Authorization is in effect if the athlete is treated for an injury during off-season workouts; however, no time frame specified shall go beyond one year from the date of signature.
- I understand that I have the right to revoke this Authorization form at any time by sending a written request to UPMC at the location where the Authorization was provided.
- I understand that my decision to revoke the Authorization does not apply to any release of my health record(s) that may have taken place prior to the date of my request to revoke the Authorization.
- I understand that I am entitled to a copy of this completed Authorization form.

Page 1 of 2 UPMC Forms (Continued other side)

Print Athlete's Name	Print Athlete's Sport

(2) UPMC Consent for Treatment and Healthcare Operations

I consent to the provision of care. I understand that this care may include medical treatment, special tests, exams, evaluation, treatment, and rehabilitation of athletic injuries. I acknowledge that no guarantees have been given to me as to the outcome of any examination or treatment and all results of any examination and/or treatment are kept confidential.

I understand and agree that others may assist or participate in providing care. This may include, but may not be limited to team physician, school nurse, and licensed physical therapists. Under the direction of a certified athletic trainer, college/university athletic training students and high school student aides may also provide care.

I acknowledge that no guarantees have been given to me as to the outcome of any examination or treatment.

In the event of ImPACT baseline testing, I understand the ImPACT baseline testing provided by UPMC Sports Medicine is not intended to prevent, diagnose, or treat a concussion and is not to be administered following a possible concussion. If the athlete suffers a concussion, the administration of an ImPACT post-test is generally conducted at the discretion of the concussion specialist at their facility.

(3) UPMC Privacy Practices

I understand that copies of the UPMC Notice of Privacy Practices document are available at the school, can be sent in the mail upon my request or viewed at http://www.upmc.com/patients-visitors/privacy-info/Pages/default.aspx. I give UPMC and its designees permission to use my information as described in the UPMC Notice of Privacy Practices.

SOUTH PARK HIGH SCHOOL ATHLETICS "The Parent's Pledge"

Capperation among cooches, athletes, parents, and school personnel is essential if students are to realize the values of athletic participation. Like coaches and athletes, parents must make commitments to the athletic program to assure these values. We ask that you read, sign and return the following "PLEOGE" and as needed, discuss your reactions with your child's coach or the school's Athletic Director as autlined below.

Thank-youl

As the parent of an athlete of this school, I promise......

- To work closely with all school personnel to assure an appropriate academic, as well as athletic experience for my child while he/she is in school.
- To assure that my child will attend all scheduled practices and athletic contests.
- To require my child to abide by the athletic department's training rules.
- To acknowledge that the coach has the ultimate authority to determine strategy and player selection and that playing time is NOT GU.1R.4NTEED. Coaches have the responsibility to put the most competitive team in the contest.
- To promote mature behavior from students and parents during athletic contests.
- To work closely with coaches and other school personnel to identify a reasonable and realistic future for my child as a student athlete.

If you have a concern with a coach, you should......

- Call the coach to set up an appointment. If the coach cannot be reached, call South Park
 High School's Athletic Director, Thomas Kayda at 412-655-3111 and he will be happy to
 arrange a meeting for you. Please contact the athletic director if you have any
 unresolved concerns.
- Most importantly and in the spirit of good sportsmanship, please do not attempt to confront a coach or engage in discussion with a coach immediately before or after a contest, practice or on game day. These can be highly emotional times for both the coach and the parent. Discussions under times of high emotions do not promote the best outcome in the resolution of issues.

Appropriate Concerns for Parents to Discuss with Coaches:

- 1. Treatment of their child
- 2. Ways for their child to improve
- 3. Concerns about their child's behavior

Issues NOT appropriate to discuss with coaches;

- 1. Playing time/positions/assignments
- 2. Feam Strategy
- 3. Play calling
- 4. Other students

Pledge Endorsed:	Athletes Name:

WWW.SOUTHPARKWPIAL.ORG- See rSchoolToday for schedules, postponements and cancellations. Parents can sign up to be notified of the most current schedule changes. This is extremely helpful during the spring sports season, when postponements and cancellations occur almost daily. South Park School District reserves the right to postpone or move an athletic event when circumstances dictate the need, including but not limited to the last minute of an event. Web -based scheduling provides the most up to date version of particular athletic events. Please remember that it is more than likely that these changes will not be reflected on printed hard copies of previous schedules.

programs.

<u>WWW.THECOACHES CIRCLE-</u> Very important for the potential college athlete. Provides information that you may need to help an athlete play at the next level.

NCAA ELIGIBILITY CENTER QUICK REFERENCE GUIDE

NCAA Division I Initial-Eligibility Requirements

Core Courses: (16)

- Initial full-time collegiate enrollment before August 1, 2016:
 - Sixteen (16) core courses are required (see chart below for subject-area requirements).
- Initial full-time collegiate enrollment on or after August 1, 2016:
 - Sixteen (16) core courses are required (see chart below for subject-area requirements).
 - Ten (10) core courses completed before the seventh semester; seven (7) of the 10 must be in English, math or natural/physical science.
 - These courses/grades are "locked in" at start of the seventh semester (cannot be repeated for grade-point average [GPA] improvement to meet initial-eligibility requirements for competition).
 - Students who do not meet core-course progression requirements may still be eligible to receive athletics aid and practice in the initial year of enrollment by meeting <u>academic redshirt</u> requirements (see below).

Test Scores: (ACT/SAT)

- Students must present a corresponding test score and core-course GPA on the sliding scale (see Page No. 2).
 - SAT: critical reading and math sections.
 - Best subscore from each section is used to determine the SAT <u>combined</u> score for initial eligibility.
 - ACT: English, math, reading and science sections.
 - Best subscore from each section is used to determine the ACT <u>sum</u> score for initial eligibility.
- All ACT and SAT attempts <u>before</u> initial full-time collegiate enrollment may be used for initial eligibility.
- Enter 9999 during ACT or SAT registration to ensure the testing agency reports your score directly to the NCAA Eligibility Center. <u>Test scores on transcripts will not be used</u>.

Core Grade-Point Average:

- Only <u>core courses</u> that appear on the high school's List of NCAA Courses on the NCAA Eligibility Center's website (<u>www.eligibilitycenter.org</u>) will be used to calculate your core-course GPA. Use this list as a guide.
- Initial full-time collegiate enrollment <u>before</u> August 1, 2016:
 - o Students must present a corresponding test score (ACT sum score or SAT combined score) and core-course GPA (minimum 2.000) on Sliding Scale A (see Page No. 2).
 - o Core-course GPA is calculated using the best 16 core courses that meet subject-area requirements.
- Initial full-time collegiate enrollment on or after August 1, 2016:
 - o Students must present a corresponding test score (ACT sum score or SAT combined score) and core-course GPA (minimum 2.300) on Sliding Scale B (see Page No. 2).
 - Core-course GPA is calculated using the **best 16 core courses** that meet both progression (10 before seventh semester; seven in English, math or science; "locked in") and subject-area requirements.

DIVISION I Core-Course Requirement (16)

- 4 years of English
- 3 years of math (Algebra I or higher)
- years of natural/physical science (1 year of lab if offered)
- 1 year of additional English, math or natural/physical science
- 2 years of social science
- 4 years of additional courses (any area above, foreign language or comparative religion/philosophy)

DIVISION I – 2016 Qualifier Requirements

*Athletics aid, practice, and competition

- 16 core courses
 - Ten (10) core courses completed before the start of seventh semester. Seven (7) of the 10 must be in English, math or natural/physical science.
 - "Locked in" for core-course GPA calculation.
- Corresponding test score (ACT sum score or SAT combined score) and core-course GPA (minimum 2.300) on Sliding Scale B (see Page No. 2).
- · Graduate from high school.

DIVISION I - 2016

Academic Redshirt Requirements

- *Athletics aid and practice (no competition)
- 16 core courses
 - No grades/credits "locked in" (repeated courses after the seventh semester begins may be used for initial eligibility).
- Corresponding test score (ACT sum score or SAT combined score) and core-course GPA (minimum 2.000) on Sliding Scale B (see Page No. 2).
- Graduate from high school.

NCAA ELIGIBILITY CENTER QUICK REFERENCE GUIDE

Division II Initial-Eligibility Requirements

Core Courses

- Division II currently requires 16 core courses. See the chart below.
- **Beginning August 1, 2018,** to become a full or partial qualifier for Division II, all college-bound student-athletes must complete the 16 core-course requirement.

Test Scores

- **Division II** currently requires a minimum SAT score of 820 or an ACT sum score of 68. **Beginning August 1, 2018,** Division II will use a sliding scale to match test scores and core-course grade-point averages (GPA). The sliding scale for those requirements is shown on Page No. 2 of this sheet.
- The SAT score used for NCAA purposes includes <u>only</u> the critical reading and math sections. <u>The writing section of the SAT is not used</u>.
- The ACT score used for NCAA purposes is a <u>sum</u> of the following four sections: English, mathematics, reading and science.
- When you register for the SAT or ACT, use the NCAA Eligibility Center code of 9999 to ensure all SAT and ACT scores are reported directly to the NCAA Eligibility Center from the testing agency. <u>Test scores that appear on transcripts will not be used</u>.

Grade-Point Average

- Be sure to look at your high school's List of NCAA Courses on the NCAA Eligibility Center's website (www.eligibilitycenter.org). Only courses that appear on your school's approved List of NCAA Courses will be used in the calculation of the core GPA. Use the list as a guide.
- The current **Division II** core GPA requirement is a minimum of 2.000. **Division II** core GPA required to be eligible for <u>competition</u> **on or after August 1, 2018,** is 2.200 (corresponding test-score requirements are listed on the Sliding Scale on Page No. 2 of this sheet).
- The minimum **Division II** core GPA required to receive <u>athletics aid and practice as a partial qualifier</u> on or after August 1, 2018, is 2.000 (corresponding test-score requirements are listed on the Sliding Scale on Page No. 2 of this sheet).
- Remember, the NCAA core GPA is calculated using NCAA core courses only.

DIVISION II 16 Core Courses

- 3 years of English.
- 2 years of mathematics (Algebra I or higher).
- years of natural/physical science (1 year of lab if offered by high school).
- 3 years of additional English, mathematics or natural/physical science.
- 2 years of social science.
- 4 years of additional courses (from any area above, foreign language or comparative religion/philosophy).
