

## SIBLING GROUP

Sibling group is a place to meet other kids who have a brother or sister with special needs. The goal is to provide siblings with the opportunity to discuss, share, and problem solve common concerns, feelings, and situations that are unique to the siblings of children with special needs.

At sibling group, kids have fun playing games, doing crafts, and enjoying food, while sharing their feelings and learning accurate information about disabilities.

### FAST FACTS ABOUT SIBLING GROUPS

- **Open to children ages 5-12 who are siblings of Easter Seals students, as well as siblings of children who attend another educational program.**
- **Convene every other month during the school year**
- **Meet at our school sites after normal school hours**
- **Include dinner**
- **Facilitated by Licensed Social Workers in conjunction with Easter Seals School professionals from all disciplines**
